Zhanyang Liu

zyangl@umich.edu |1-(734)-834-7458 | Ann Arbor, MI | https://www.zhanyangliu.com

EDUCATION

University of Michigan, School of Information, Ann Arbor, MI

Master of Science in Information (MSI) focus in Data Science and Big Data Analytics

University of Michigan, Rackham Graduate School, Ann Arbor, MI

Master of Arts in International and Regional Studies, focus in MENA Region

Beijing Foreign Studies University, Beijing, China

Bachelor of Arts in Modern Hebrew.

• Study Aboard: Hebrew University of Jerusalem (October. 2020-July. 2021)

Aug. 2023-(Expected)April. 2025

Aug-2022- (Expected) April. 2025

September. 2018-July. 2022

SKILLS

Technical Skills:

- **Programming Languages:** Python, R, LaTeX
- **Statistical Analysis:** Multiple regression, time series analysis, hypothesis testing, causal inference
- Machine Learning: Supervised Learning: XGBoost, LightGBM, Random Forest; Unsupervised Learning: K-means, hierarchical clustering, PCA, t-SNE; Natural Language Processing: NLTK, spaCy, Transformers, topic modeling
- Data Visualization: Matplotlib, Seaborn, Plotly, ggplot2
- Data Engineering: SQL, data cleaning, feature engineering, ETL pipeline

Languages Skills:

- Chinese (Native)
- English (Proficient)
- Hebrew (Proficient)
- Modern Standard Arabic (Fluent)
- Levantine Arabic (Intermediate)

PROFESSIONAL EXPERIENCE

University of Michigan

Graduate Student Instructor in Anthropology department

Ann Arbor, MI

Aug. 2023-Dec.2023

- Collaborated with faculty to enhance curriculum and address student needs, contributing to an enriched learning experience.
- Conducted and facilitated two discussion sessions for approximately 60 students, emphasizing data-driven problem-solving and analysis approaches fostering a collaborative learning environment.
- Designed and prepared comprehensive lecture materials, utilizing Microsoft, ensuring the effective delivery of course content.
- Offered personalized writing support to students, integrating data-driven insights for enhanced communication skills development.

The Jewish-Arab Center Haifa, Israel

Visiting Researcher

May. 2023-Aug. 2023

- Conducted extensive ethnographic research examining Arab participation in the 2023 judicial overhaul protests through 50+ interviews with local organizers, politicians, and community members
- Developed mixed-methods research design combining participant observation, semi-structured interviews, and protest discourse analysis
- Co-authored policy report for the Institute for National Security Studies (INSS) analyzing factors affecting Arab citizens' participation in nationwide demonstrations
- Investigated protest dynamics in mixed cities, examining how residential patterns and workplace integration influence political mobilization
- Leveraged Arabic and Hebrew language skills to conduct interviews and analyze protest materials in their original languages

The Institute for National Security Studies

Tel-Aviv, Israel

May. 2023-Aug. 2023

Research Analyst

- Chaired and co-authored the INSS position paper "What Deters the Arab Population from the Protests? Arab Citizens of Israel on the Judicial Overhaul Protests".
- Forged the end-to-end data analysis process involving data collection, security, analysis, and interpretation. Utilized tools such as R for robust research reports.
- Negotiated in-depth interviews with 20 experts and stakeholders, employing data-driven interview techniques to extract diverse perspectives and valuable insights for a comprehensive analysis.
- Leveraged interviews and extensive data-driven research to add depth and complexity to the position paper, resulting in a more nuanced and high-quality analysis and recommendations.

Middle Eastern Studies Newsletter

Shanghai, China

Contributing Editor

Jan. 2023 - Sep. 2023

- Amplified comprehensive weekly news reports on diverse topics in the MENA region, employing data analysis to provide well-informed insights into economic development, political events, and social issues.
- Collaborated with scholars to co-author a chapter titled "Geographical Location of Morocco," incorporating data-driven

research to enhance the depth and accuracy of the content.

Carnegie-Tsinghua Center for Global Policy

Beijing, China *June. 2021-August. 2021*

Communications Intern

- Analyzed user characteristics and preferences on major social media platforms (Twitter, Facebook, and Weibo), utilizing data-driven insights to inform policy analysis posts.
- Curated content from various sources to align the social media schedule, using data-driven strategies to promote timely and relevant content.
- Restructured media pieces to promote YAP, employing data-driven design principles to optimize engagement and effectiveness.

AWARDS & FELLOWSHIPS

- MIRS Fellowship for the 2023-2024 academic year \$10,000
- Rackham International Research Awards (RIRA) \$4,000
- MIRS International Travel Grant \$1,000
- The Jean and Samuel Frankel Center for Judaic Studies Financial Fellowship \$4,169
- MIRS Fellowship for the 2022-2023 academic year \$8,000

PUBLICATIONS

The Country Geography of Morocco

Beijing, China

Co-Author

Expected Publication Date: Dec. 2024

Collaborated with scholars to write a chapter titled "Geographical Location of Morocco."

INSS Insight Tel-Aviv, Israel

Co-Author

• What Deters the Arab Population from the Protests? Arab Citizens of Israel on the Judicial Overhaul Protests
